

Helen Storrow Seminar - WLDP

Young Women Leading for a Greener Future

WAGGGS's Helen Storrow Seminar

is a high profile event that has been offering leadership development opportunities for young women since 1986. The seminar is held at Our Chalet, WAGGGS's World Centre in Switzerland, and addresses the most relevant issues in contemporary society. The seminar will focus on the environmental issues of today and explore ways to raise awareness and use practical skills to create change.

"Experiences shared by participants from all around the world made us realize that we are all affected by the environmental issues. They motivate and inspire us to take action in our communities and see how a small change can make a big difference."

Learning Outcomes

- To give participants the opportunity to explore ways they can grow and develop practical leadership skills, which they can directly apply in their Member Organizations or community.
- To offer participants the opportunity to learn about current environmental issues.
- To incorporate the unique natural environment of the Swiss Alps into the learning process.
- To give participants the chance to share best practices and to network for the success of future projects.

Personal Development • Leadership • Environment • Advocacy

a world of possibilities

Who can apply?

Participants should
